CITIZENS COUNCILS
RACIAL MATTERS

During the recent racial unrest growing out of the desegregation of the University of Mississippi, information was received that the Association of Citizens Councils of Mississippi played a part in urging other council members to proceed to the University campus. Information was also received council members allegedly printed inflammatory material and procured fireworks for student demonstrations.

In light of the above and reported attempts being made by Negroes to enter the universities in South Carolina and Alabama in the near future, offices receiving copies of this airtel should furnish the Bureau pertinent information concerning citizens councils in their territories.

No active investigation to procure the information is to be conducted. A review of office files should be sufficient to elicit the necessary information and established sources and public source material may, of course, be utilized.

Each office should furnish the Bureau within fifteen days of receipt of this airtel the following, set forth under appropriate captions.

Airtel to SAC, Atlanta
RE: CITIZENS COUNCILS

You are reminded of the instructions set forth in Bureau letter to SAC, Atlanta and various other offices dated June 13, 1958, captioned, "Citizens' Councils; Internal Security - X." That letter instructed offices receiving copies of the letter to discontinue all efforts to develop informant coverage in citizens councils. You were instructed that the discontinuance of the program in no way altered the Bureau's responsibility of keeping interested Government agencies and officials advised of actual or contemplated acts of violence in connection with the segregation issue; plans for acts violative of laws within the Bureau's jurisdiction, particularly those relating to civil rights; and the activities of individuals responsible for such acts.

The Bureau letter pointed out that you have a continuing responsibility to insure that the Bureau is apprised of all such information, and you were instructed to secure the information only through established sources, office contacts and close scrutiny of the public press. Informants who had already been developed in citizens councils were considered established sources and you were instructed to continue your contacts with such informants.

[redacted] was the meeting place. [redacted]

[redacted] Admission was \$1.50, \$1.00 for students.

As we approached the auditorium, we were handed a printed sheet by two young adults. One, entitled 'Don't let Bigotry Be Written into Our Constitution, Join With Us to Defeat Proposition 13', urged 'Come to Our Voter Education Drive, Saturday October 17, at University Religious Conference, 900 Hilgard Avenue, Westwood, 10:00 A.M.; or All Nations Auditorium, 213 North Soto Street, East Los Angeles at 10:30 A.M. For information or transportation, contact, The Student Coordinating Committee, 1093 Broxton Avenue, Room 244, Los Angeles 24, GI 9-1200 or TR 9-1523. Student Coordinating Committee meetings were publicized for Monday nights, 8:00 P.M., University Y.W.C.A. 574 Hilgard Avenue, as well as KPFK-FM, and KRHM-FM, regarding radio programs, 'Mississippi Freedom Project - 1964'.

"The other printed material was an 'Open Letter to the President', sponsored by the Ad-Hoc Vietnam Peace Committee, P.O. Box 19737, Los Angeles 19. It urged 'Mr. and Mrs. Voter' to sign and mail this letter, or one like it to the President urging him to 'Cease Fire in Vietnam' and to take the entire Southeast Asian problem to the Conference Table'; and it further stated that 'our unilateral action in Vietnam is Outside of International Law.'

"Inside the school building where we purchased admission tickets, the brochure announcing Discussion Unlimited Home Discussion Groups and a printed sheet entitled 'A Tribute to AARON HENRY, Chairman, Mississippi Freedom Democratic Party, were available to the public. The latter announced a reception and election rally, honoring the speaker, AARON HENRY, on Monday, October 19, 1964, at the Embassy Room, Ambassador Hotel, Los Angeles, 7:30 and 8:30 P.M. The meeting is under the auspices of California Democratic Council; and Californians for Liberal

"The auditorium appeared to be at least three-fourths full of people, mostly Negro and many appearing Jewish. All ages were represented in the audience but predominately young adults, and college-age students, I judged.

"The meeting was opened by [REDACTED] after he had bellowed to the crowd several times to sit down. He introduced himself as [REDACTED] and, although he garbled the words of the pledge of allegiance to the flag, he did keep his hand on his person during the pledge, but it was placed well below his heart, on his stomach, it appeared to me!

b6
b7C

[REDACTED] announced this meeting to be the beginning of the third year of Discussion Unlimited, and that 'we have achieved moderate progress.' He stated that the Los Angeles

LA 100-63159.

"School Board neither approves nor disapproves of what takes place here. He made reference to the political campaign, mentioning BAKER, JENKINS, and GOLDWATER, and the audience laughed when he commented, 'Small wonder General EISENHOWER is confused.' The audience applauded the mention of MARTIN LUTHER KING's recent receipt of the Nobel Peace Award. [redacted] noted change of dates for the Home discussion groups, printed inside the brochure handed out. (this includes [redacted] talk on Friday, November 13, entitled 'An American Communist's view point on the Soviet-Chinese Dispute.')

b6
b7c

[redacted] introduced the participants in the program, mentioning [redacted] as one who has been devoting much time to speaking all over the State against Proposition #14. He said the 'chorus of Freedom Voices' is directed by the director of music of the First Unitarian Church.

"As the curtain pulled, [redacted] sat behind a podium to one side of the stage and the small chorus (made up of Negro and White musicians, and one blond woman) on the other side of the stage. The chorus was singing 'We shall overcome.' The narrators opened with a poem, written in 1942 by LANGSTON HUGHES, entitled 'Democracy.' It pleaded for no more segregation, and the human need for freedom. It stated, 'honest men went to jail showing they had the will to break unjust laws.'

b6
b7c

"The chorus sang 'ain't goin' to let segregation turn me 'round.' [redacted] read a letter written by [redacted] when he was seventeen years old in which he said he must change America or die trying. [redacted]

[redacted] spoke at the upstage podium. He is a very black Negro, a very thin man. [redacted]

[redacted] He said that he and other Negroes in Mississippi are on the move all the time because of fear. He said he had organized 400 kids. Their director had been jailed. He said 'a Negro teacher called the police on me' a Negro teacher 'who had a home and a car.' [redacted] stated that Negro demonstrations are ineffective in Mississippi because 'they'd blow your brains, nobody cares !!' He said they held rallies

LA 100-63159

"in white area, but they always lived in danger. 'Violence organizes Negroes, they have to get together then. It brings about a cohesiveness.' He stated, 'People are ready for work stoppages boycotts.' 'We're going to try to close down Laurel, Mississippi, in January.' 'The power structure must know, we must shake the people.' He continued to say 'the students will never be the same; there are not outside Negroes'. They are all 'niggers.' He said it was a wonderful beginning in Mississippi, but 'they kill people in Mississippi.' He said he knew of 15 Negroes that were found in the swamps but the papers didn't publicize that. He said 'they're going to kill Negroes who went to the Convention and took stands.'

[redacted] said he came back to California to make basic changes, and to work in the regional office. Since coming here he says he has received letters from [redacted] telling of 150 people being arrested, including children of 10 and 12 years of age. He says one mother complained that her 10 year old was arrested and illegally jailed with a sentence for 10 years; that Negroes have been jailed for allegedly bombing their own homes. He said, 'It's more than I can take, I'm going back.'

b6
b7c

"The narrators, with 'freedom music' for background, commented that at the present rate of integration in the South, it would take 100 years to complete the job. They introduced [redacted], as one of 60 doctors and allied personnel who worked among the project volunteers and cared for their health problems, organized as 'Los Angeles Physicians for Social Responsibility.' [redacted] came on stage, carrying a small medical bag. He stated that the Medical Committee for Human Rights is made up of over 60 persons, who serve for short intervals, as they can leave their local practices. They work out of the Student Non-violent Coordinating Committee Hdqts. in Greenwood, Mississippi. He had been assisted there by [redacted]. He told how difficult it was for him to observe the necessary security precautions, how one forgets that he must not be silhouetted in the open door of a lighted room at night for fear of being shot. [redacted] said that the Los Angeles Physicians for Social Responsibility along with the Charles Drew Medical Society will pay expenses for physicians willing to give time at the Mississippi project. He mentioned the

[redacted] eulogized the devotion of the volunteer workers of COFO and said it was his job to protect and to promote their health. He said this primarily included giving them vitamin capsules and advocating more food and sleep. He recommended [redacted] leave the state for rest and rehabilitation. He then narrated the story of [redacted]
[redacted] was taken to the office of a [redacted] who rode with him in an ambulance to the hospital. [redacted] seemed to want to impress his audience with the courage of [redacted] by saying that after he had returned from the hospital, [redacted] along with a group of project volunteers was seen 'shouting at the cops.'

[redacted] said he had interviewed two white doctors in regard to their assisting in the medical care of the over 50 young people from Los Angeles. He said one talked about the 'plight of the moderate Mississippian' and thought integration would come in 5,000 years, but feared to become involved. The other M.D. gave the impression that the fault is with the Negro people. [redacted] said he thought, in spite of their comments, both of these M.C.'s would give medical aid. 'In Greenwood the docotrs treat all patients in their private offices.' said [redacted]
[redacted] He declared he would continue to send doctors and nurses there to 'help to open a closed society.' 'We'll establish clinics there,' [redacted] stated.

b6
b7c

"As [redacted] left the stage the chorus sang, 'They say that freedom is a constant struggle, we must be free, we must be free.'

[redacted] was introduced by the line, 'Arrested people need lawyers.' He stated that he is a member of [redacted]
[redacted]
He talked about 'the stench that is called justice.' He related situations they saw or heard of in Drew, Mississippi, including the case where allegedly a judge was absent from the bench to

"attend a funeral and the prosecutor acted as both prosecutor and then judge on the case. The audience laughed and [redacted] said it wasn't funny. Everybody is found guilty. He stated that the future of the United States will not be decided in the courts by judges or the police of Mississippi, but by the wonderful women of Mississippi. He said the 'people with the most guts were the Negro women between ages 45 and 60.'

b6
b7c

"Although [redacted] had lauded the older women, the next speaker was [redacted] and was dressed in high heels and a tight skirt. She seemed frequently to rise up and down on her toes and lean over the podium to speak to the audience for emphasis in a deliberate stage whisper.

b6
b7c

[redacted] told of her attendance at the Orientation school in Ohio, with [redacted]

[redacted] She featured an incident in which she answered a woman's question as to her religious affiliation by saying, 'I'm agnostic.' 'She stated her satisfaction in playing a role in setting up Freedom Schools, teaching non-violence and helping the growth of the Freedom Democrat Party by signing up members. She mentioned the opposition of the White Citizen's Council. She indicated that the students recruited into the Freedom Schools had no motivation for doing anything, but after four weeks 'the kids were ready to go out and do something,' to be involved 'in political action.'

"The next speaker was introduced as a teacher of legal history, one who has long represented the 'legal underprivileged and unpopular, [redacted]

b6
b7c

[redacted] dressed in a mannish suit and flat shoes, barely appeared over the podium. She said she had heard of the courageous women between 45 and 60, and she is between 45 and 60! The audience laughed.

[redacted] told the audience about her stay in Hattiesburg, Mississippi, with her heroic Negro landlady, whom she called [redacted] [redacted] She tried to paint a picture of herself consistent with

LA 100-63159

"her introduction when she was called [redacted] whom the kids liked to throw their arms around." [redacted] told how [redacted] sat all evening with a shot gun across her lap to protect her guest from any intruder while they ate pie and cake together. [redacted] said that it was [redacted] who was in danger because other persons had been jailed for doing exactly what she was doing; housing a COFO worker, and also trying to register to vote. [redacted] attempted to picture herself as [redacted] one who set the table and did the dishes for her.

b6
b7C

[redacted] further eulogized other Negro women in Mississippi, a Mrs. JONES, 84 years old, who housed three C.O.F.O. workers; and another younger woman who thought no one in Mississippi should pay taxes until all schools are integrated.

b6
b7C

"Following [redacted] amusing presentation, the audience was asked to contribute to the 'Freedom' program. The hour was late and a good portion of the audience had left. However, a later announcement indicated \$760.00 had been collected.

"The featured speaker of the meeting was JAMES FORMAN, Executive Secretary, SNCC. He acknowledged the sacrifice of such volunteers as [redacted]

b6
b7C

[redacted] He described how 'the police pulled the hairs one by one out of a man's goatee' and when it was over, the 'man was uncounscious.' FORMAN stated that [redacted]

[redacted] He deplored the plight of one man whom he said had tuberculosis and could not get his pills while in jail.

"FORMAN said that the people are exploited in Mississippi so 'we must remove the exploiters.' It 'took 3 years to organize this project; five people were killed; there is change coming about in Mississippi.' He said that 'public pressure from the people' is the only way. 'What recourse have you if a sheriff hits you over the head?' He asks. He answered that it is necessary for the people to get together.

"FORMAN indicated that the (alleged) inhumane treatment of Negroes in the South does not reach the headlines of the newspapers. He said the situation there is a 'nightmare,' that even

LA 100-63159

"In this 'bad-moral Year of Sex, 1964,' the newspapers suppress what is happening to the Negroes. He declared that 'we need to challenge the power structure,' that the Freedom school is a revolutionary tool for reorganizing education. He said the 'power structure' has denied them buildings.

"In November, FORMAN declared SNCC would extend the 'freedom program' into other states in the 'Black Belt' areas. They would prepare to go back to the Democrat Convention in 1968 with a stronger Freedom Democrat Party, as a result of the organizational work in the Black Belt Program. FORMAN concluded his poorly prepared presentation by stating that he didn't feel very good.

[redacted] and all the participants joined hands with the chorus and sang several verses of 'We shall Overcome' while the audience, swaying with the music, did likewise.

b6
b7c

"As we left the school building, we were handed a 'coffee tonite' invitation at KPFK Sub-station, Art Center, 615 North Fairfax, Los Angeles; an invitation to a 'Bruin Core Party, October 24, 701 Sixth Avenue, Venice, proceeds to go to 'our bail fund' and a notice to hear Congressman ROOSEVELT, Assemblyman MC MILLAN and Senator WAYNE MORSE film 'Sound of 64' at 7659 Beverly Blvd., October 19. Outside the school building a woman handed us a People's World, Dated October, 1964 with headlines 'GOLDWATER's 7 steps to War.'

"The meeting was opened by [REDACTED]
the Lawyer's Guild, Los Angeles Chapter.

[REDACTED] discussed the depositions recently taken in Mississippi to unseat the five representatives recently elected from that state on the basis of discriminatory voting practices.

"The total depositions taken by all groups numbered 450 to 500 with the Los Angeles Chapter of the National Lawyer's Guild taking about 70. The depositions were of two kinds, those taken of the Negroes who were disenfranchised and those of the elective officials and voting registrars. There was absolutely nothing said as to the depositions of the Negroes and it was specifically not mentioned whether or not there were opposing counsel at the time of these depositions.

LA 100-55504

[redacted] took the depositions of Governor BARNETT and so he dwelt heavily on this. He stated from the outset that the Governor could have refused to have his deposition taken and there there would have probably have been nothing they could do about it. In fact [redacted] stated that if he had represented the Governor he would have refused to have his deposition taken.

b6
b7C

"In this same regard [redacted] stated that a request was also made to take the deposition of President JOHNSON but it was refused.

[redacted] several times mentioned that the attorneys for the various elected officials, including the attorney for Governor BARNETT, were all surprisingly cooperative. The opposing counsel treated the Guild attorneys with the usual courtesy involved in any civil case. If anything this was a shock to the Guild attorneys because this was not anticipated.

b6
b7C

[redacted] also told how the citees called a colored person, it appearing that either by nick-name or accent it is accepted to say 'nay-gro'. The word Negro is acceptable but not nigger and on two occasions [redacted] challenged the citee as to what he was saying. Each time when the court reporter would read it back it would come out 'nay-gro'. [redacted] stated that after he was burned twice in calling the citee on this he thereafter accepted it as a corruption of Negro and not nigger.

"So far as the deposition of Governor BARNETT was concerned the Governor at all times stated that he did nothing to disenfranchise the Negroes and he respected the right of all people to vote.

"When specifically asked if he knew or was aware of the total figures on the voters as to the percentage of white and colored the Governor stated he had no information. However, he did state that the list of voters did not state their racial background so there was no actual way to segregate the races.

[redacted] stated that he was able to obtain admissions by indirect means. Since the Governor did not know the figures [redacted] would recite certain figures to the Governor and would then ask the Governor if he had any information or knowledge to indicate that the figures were not correct. As a point of law this

b6
b7C

LA 100-55504

"is questionable as to admissibility: As an example of what this writer thinks [] was trying to infer--If the question of fact in issue as to who was driving a certain car at a certain time and place and the witness stated he did not know, then the interrogator would ask the witness if he had any information or knowledge that one [] was not the one driving the car. The failure of the witness to answer this certainly could not be construed as evidence that [] was the driver of the car.

b6
b7c

[] then asked the Governor about the Citizen's White Council. There apparently is some kind of a news letter or publication which the CWC puts out and to which [] referred to in obtaining his figures. Repeated reference was made by [] to the CWC but the only admission by Governor BARNETT was that he was aware of the group, has been a member, has at times looked at their publications but is still not fully cognizant of their entire platform.

[] stated that to do a perfect job on this mission they should have taken depositions of all the registrars in the State. As it was they covered less than 10 counties 7 or 8 and the State of Mississippi has 82. He then indicated that if they had realized the registrars would have been so cooperative they could have skipped the depositions of the Negroes and could have covered all the registrars in the State. As it now stands the speaker feels it does give a good cross-section of the State. The entire purpose of the depositions being that if it can be shown that the franchising of the citizens of the state has been abridged then any elections in the state could be set aside. In particular this would refer to the five representatives recently elected.

b6
b7c

[] then brought up the question of the cost of transcribing the depositions. These depositions have to be presented to the Court by March 15, 1965 and while the court reporters were free the time was running out and a professional firm would have to undertake the typing. [] questioned why this chapter had to assume the burden. [] stated she would be willing to underwrite and advance the funds if the chapter would assume the obligation. The cost of the transcribing

LA 100-55504

"was indefinite but was believed to be from \$2,000.00 to \$3,500.00. It was finally agreed that this chapter would first ask other groups, not indicating whether these other groups were of the Guild or not, and then the Los Angeles Chapter would undertake the task after the other groups had registered a refusal.

[redacted] proposed a resolution which he read to the group for their approval. The resolution was a page long and in effect was a denunciation of the U.S. policy in Vietnam. The resolution went on to state that this was strictly a Civil War between the north and south Vietnamese and the U.S. should pull out and leave them to settle their own differences. The resolution went on further to state that the matter should be handled through the rules and regulations as set forth in the Geneva Convention or Conference. This writer doesn't recall that the United Nations was mentioned. The resolution was read, seconded and passed. Then after passage strong protest was made by [redacted] who stated that this was a legal group and not a political group and that they did not belong in politics. He went on to state that in the 1930's the Guild had the same trouble when they went into politics and for that reason their movement was set back a long ways. [redacted] did not approve of any action whatsoever to be taken on this subject. After he had spoken then [redacted] asked to be heard. The text of his conversation indicated that [redacted] had previously seen the resolution and had already voiced his objections to it. [redacted] approached the matter differently by stating that the wordage should be couched in a more legal like fashion. Namely, that the specific international laws that govern the subject should be set forth in detail and discussed. Also, it would be a mistake to categorically label the Vietnam situation as a 'civil-war'. This would be a conclusion which is not based on any facts and might also assume facts which are not readily known. [redacted] then stated that the resolution was not objectionable and that it was the very least the Guild could do. [redacted] never made any comment after being taken back by [redacted]

b6
b7c

b6
b7c

"The discussion closed and a hand vote was taken. The announced vote was 17 to 7 still in favor of the resolution, apparently a few abstaining.

"This writer is not sure to whom the resolution was intended to be sent, or if it was even mentioned. The logical person would seem to be to President JOHNSON but this is only a surmise.

LA 100-55504

"The resolution was then turned over to [redacted] and with her own side comment that she didn't know what to do with it so there is a question as to its ultimate disposition."

"Certain security measures [redacted] were known to be used by the various civil rights groups in the Los Angeles area during street demonstrations, these measures being known only to the high level officials of the organizations involved. They are put into effect by the various organizations not only conducting their own respective street demonstrations, but are used when these specific groups are invited to participate in demonstrations sponsored by other groups.

b7D

"These measures were prompted by picket line demonstrators being attacked by counterpickets, particularly those used by the American Nazi Party, Minutemen, and so called "Black Nationalist" groups and the White Citizens Council and some instances by some representatives of the Nation of Islam or Muslim groups. These attacks in the past have resulted in the "civil rights" demonstrators arming themselves on an individual basis to the extent of carrying such weapons as knives and ice picks, which in the opinion of the "civil rights" organizations would eventually lead to violence and trouble. To prevent such situations occurring a number of key "security men" were selected who are interspersed throughout the crowd around the demonstrators to be available to protect demonstrators if attacked. These "security men" reportedly are armed, carrying small firearms which can be concealed. Some of the "picket captains" who participate in these demonstrations in a standby status in the crowds, while not armed with firearms or other weapons are available for physical assistance in case the demonstrators are attacked.

"The demonstrating pickets have not been advised in detail that security men are so dispersed, but are advised that appropriate steps have been taken to provide security at each demonstration and the demonstrators themselves have been warned not to carry weapons.

"It is a stated policy on an executive level of these "civil rights" groups who are cognizant of the security measures taken, that the use of firearms or any violence, is only to take place as a last resort and only for protection of any demonstrators are not otherwise protected by the police. It is a

LA 157-1000

"clear and distinct policy also that no resistance is to be offered by the security men and picket captains to law enforcement agencies. These security men and picket captains must be prepared and willing to be arrested in carrying out their protection assignments in furtherance of the cause for which the demonstration may be held.

"The security men and picket captains are carefully selected so that they may keep control of any situation which may arise and prevent any violence occurring except as a defensive measure when demonstrators are attacked. Plans are also in effect to have attorneys present at all demonstrations and provisions for bail for those who may be arrested.

"Among the organizations known to have knowledge of the above security measures on a top executive level are the following:

"Congress of Racial Equality
United Civil Rights Committee
Students Non-violent Coordinating Committee
Western Christian Leadership Conference
National Association for the Advancement of Colored People

Urban League
Mexican American Political Association
Women's Strike for Peace
W.E.B. Du Bois Clubs of Los Angeles

"Similar security measures reportedly are in effect in various key areas throughout the United States where stree demonstrations are held by the various "civil rights groups", although details in other areas are not know."

ACTION:

Informant was thoroughly interviewed concerning the above and stated that source had no reason to believe the above security measures were not in effect as of Oct. 1965 but was not in a position to say so specifically. The recent riots in Watts, California, have caused some changes in the thinking of civil

rights groups as to using caucasian demonstrators in the Watts and adjacent areas of Los Angeles. As of 10/22/65, the general policy of these various civil right groups was not to use caucasian demonstrators in the Watts area until apparent racial unrest subsides.

All other necessary action in connection with this memo has been taken by the writer.

ACTIVITY: Meeting of the INTER-CHURCH FELLOWSHIP

DATE :

PLACE :

ADMISSION: Open to students.

ATTENDANCE: Approx. 50 persons. Among those present and identified were the following:

SPEAKER:

LOS ANGELES COLLECIAN, NO. 15, issue of Tuesday, November 2, 1965, carries the announcement re [redacted] speaking on campus. (XMBT #1).

[redacted] was introduced [redacted]

[redacted] the Inter-Church Fellowship, announced that this would be one of a series of five or six sessions to be held each Tuesday afternoon on the question of the moral aspects of civil disobedience.

[redacted] related that on the subject he was speaking about, "Moral Aspects of Civil Disobedience," he wished to bring out the "means" and not the "ends" of civil disobedience. The question of civil disobedience is one of subjective evaluation. Civil disobedience calls for a social change and the question answering the means is actually, "How do you go about effecting a change in the social structure?" No. 1: It can be by electoral change of the power structure or of the status quo. It can be done through democratic party. It can be done by changing the Democratic Party to the Labor Party. [redacted] is trying to do. No. 2: It could be a non-violent direct action. A relationship where the non-violence through direct action acts as a catalyst to motivate the power structure into giving concessions to the people. For example, BROWN versus the BOARD of EDUCATION. Had it not been for the non-violent direct action after the Supreme Court decision the South would still be segregated. Another non-violence thru direct action was the march on Washington in 1963 when the civil rights bill was passed; the non-violent action in Selma where the voting bill passed. The question here lies in that not only must people be active in political activity

in an organized sense but also be out in the streets picketing.

Now, the question of civil disobedience can be broken down into three tactics, but the main point of civil disobedience is to gain public sympathy for your cause and make the public conscious of the question with which you are faced. The first tactic of taking on a law which has been passed on a local level and there is a feeling that it is unconstitutional: Now, it must be understood that the Supreme Court does not rule on laws until someone breaks that law and this is called, "test." Then the Supreme Court has to adjudicate. Therefore, this is the No. 1 way.

#2: there can be the question of a test case on discrimination. For example, a local law which says that Negroes have to ride in the back of the bus. This can be broken by non-violent civil disobedience and then this law, because it was broken, goes from a local to a federal court where the federal court overturns that law.

The third way is gaining the consciousness of the public. This, I would like to say, [redacted] continued, is an unjust law. It is an immoral law. For example, Negroes cannot drink out of a certain drinking fountain for whites only. When a white drinks out of that fountain then this makes the public conscious of the immoral question of the law.

b6
b7C

Now, when people, like Chief PARKER, rant and rave that non-violent direct action is against law and order he does not know what he is talking about. Let us break it down:

In a non-violent civil disobedience the person who is breaking the law wants to be caught; wants to be arrested. He is not avoiding the law. He is not taking something that does not belong to him. While a criminal type of person, a burglar, is trying to get away with something and he does not want to be arrested. He is taking something that does not belong to him. This is the difference that CHIEF PARKER does not understand. That is why CHIEF PARKER's argument is so irrelevant. Actually, what is taking place in civil disobedience is that you are using a violation of a law to dramatize an injustice. For example, in 1964 when the WHITE CITIZENS COUNCIL came to Los Angeles to assure the defeat of Proposition 13, they held a meeting at the Los Angeles LOS FELIZ COUNTRY CLUB where there were 500 people in attendance. There were picket lines outside by Members of the CONGRESS of RACIAL EQUALITY (CORE) and there were CORE members inside attending the meeting. It was then decided that 18 CORE members would commit civil disobedience. They broke the trespassing law. In other words, they went into private property of the LOS FELIZ COUNTRY CLUB. Now, CORE people are not against the trespass law but to get arrested for a trespassing law was necessary to dramatize the action. Now, what resulted? The next time that the WHITE CITIZENS COUNCIL held a meeting in Los Angeles there were 300 pickets outside and

C-11 CHURCH
(Meeting: Inter-Faith
Fellowship)

-3-

and only 75 people inside. The public had made a valued judgment and the action of the 18 CORE people to be arrested had dramatized the question and called attention to the bigotry of the WHITE CITIZENS COUNCIL who come to Los Angeles to form a club or an organization, and as a result of this the public now sympathizes with the CORE people. This is the way of direct resistance to the power structure.

I want to state here, [redacted] continued, that I am against violence. Violence is self-defeating. Violence begets violence. Violence is corrupt in itself. For example, it is not possible for CORE to have guns, machine guns, napalm bombs as the power structure has. Therefore, violence is wrong but it is amazing that in American society today it is a society of violence. What I seek then is a new society which will be formed out of the old society and if the new society was to come out of violence this violence will deform the new society.

The interesting question which lies in civil disobedience is that at no time in the world has one person been able to rule a group of people unless those people wanted to be ruled. Non-violence stops this cooperation of the people with the power structure. A classical example is the question of the BERKELEY revolt. Mr. KERR (Clark), the king, sets himself up and by divine right issues an order that no longer will political membership be solicited in the campus; that there will be no funds collected in the campus for off-campus political groups; that any speakers appearing on campus must give 72-hours notice to the power structure. The students felt that these were unjust rules and the students violated the rules. They set up tables to collect money and register people. The administration came along and told the students who were behind these tables to report to the administration building. There were eight of these students who were supposed to report the following day. Instead of the eight appearing the following day there were 400 students. At this point a decision had to be made by the power structure. [redacted] continued registering people. He was put into a police car and then 3000 students surrounded the police car. You know the story that eventually the power structure had to give in to the correct demands of the students.

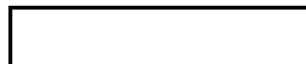

Let me end by saying, [redacted] continued, that we live in an era of huge institutions, small businesses are on the way out and what direct action does in the sense of non-violence is to limit the authority of people in power. It limits their power to say what is right and what is wrong for the masses of the people. Only the masses of the people can say what is right and what is wrong for themselves.

A question and answer period followed [redacted] talk. The meeting then ended at 1:00PM but continued at the Inter-Faith Church Fellowship offices at 903 Meliotrope Drive, Apt. 10, Los Angeles, where [redacted] continued his discussion.

The MILITANT, SWP Newspaper mailing list was used for mailing announcements of the March 25th demonstration at UCLA & the March 26th Demonstration of this report.

The demonstrators gathered in front of the INDUCTION CENTER at 11th and Broadway at 12 Noon and began a picket line type march at 12:10. It gathered strength until at 12:30 there were 349 participants. The picket captain in front of the INDUCTION CENTER seemed to be [REDACTED] He was using a portable loud speaker to stir the demonstrators and was chanting "END THE WAR IN VIET NAM & GET OUT OF VIET NAM".

Signs carried by the demonstrators read: "GET OUT OF VIET NAM", "BRING THE TROOPS HOME NOW", "VIET NAM FOR VIETNAMESE", and other similar type writings.

Approximately one month ago, INTELLIGENCE Information was received from [] to the effect that the MINUTEMEN organization would attempt to disrupt the demonstration. Later information received from [] revealed that the MINUTEMEN had dynamite in their possession and that there was a possibility of a bomb being exploded among the demonstrators. Particular attention was given to known members of the MINUTEMEN organization seen at the location, however, their activity was limited to the distribution of a leaflets supporting the U.S. position in VIET NAM.

Information was received that [] both believed to be members of the MINUTEMEN organization, would arrive together in a 1950 or 1951 dark Studebaker bearing California license [] this vehicle is registered with California DMV as a 1948 Studebaker 4 door, registered to [] This vehicle was not observed at the demonstration, however, [] was seen in the accompany with a male Caucasian. [] the AMERICAN NAZI PARTY, was also passing out MINUTEMEN literature, however, it is unknown whether he has now become a member of that organization.

During the demonstration in front of the INDUCTION CENTER, there were a number of vehicles driving around the block containing large American flags and Confederate flags. These vehicles were identified as belonging to members of the LOS ANGELES CITIZENS COUNCIL which is understood to be the local branch of the WHITE CITIZEN'S COUNCIL in the South. []

[] was identified as one of the individuals participating. License numbers of these vehicles were taken and registered owners of same will appear later in this report.

At 1:05PM, the line began to move north on Broadway heading for Pershing Square. Traffic signals were obeyed and no law violations were observed. At 7th and Broadway, a count was made. It was rather difficult to get an exact count because of the number of shoppers intermingled with the demonstrators. However, it is felt that a conservative figure would be approximately 750 with 50 of that number being Negro.

Upon arriving at PERSHING SQUARE, the group was confronted by the sprinkler systems which had been turned on and all of the lawn area which they had anticipated using was heavily saturated with water. Many of the demonstrators remained on the cement in the center of the park, however, this made it very difficult for them to hear what the speakers were saying because of a group of hymn singers described in the paper as being [redacted]

[redacted] They also had a loud speaker system and between the preaching and singing of hymns it made it very difficult to hear the anti-VIET NAM speakers.

The leaders of the demonstration climbed atop one of the buildings and used it as a stage. [redacted]

[redacted] introduced the speakers which all spoke on U.S. involvement in the VIET NAM war, all of which were opposed to the U.S. involvement. The speakers were as follows: [redacted]

During the speeches, various individuals wandered through the crowd passing out literature, singing hymns or expounding political philosophy. [redacted]

[redacted] appeared on the scene in a Air Force uniform with large red stars on the shoulders and plastic war toys attached to his hat and many fake medals pinned to his tunic. [redacted] also took the anti-VIET NAM position and actually did more harm to the speakers because of disrupting the scheduled program.

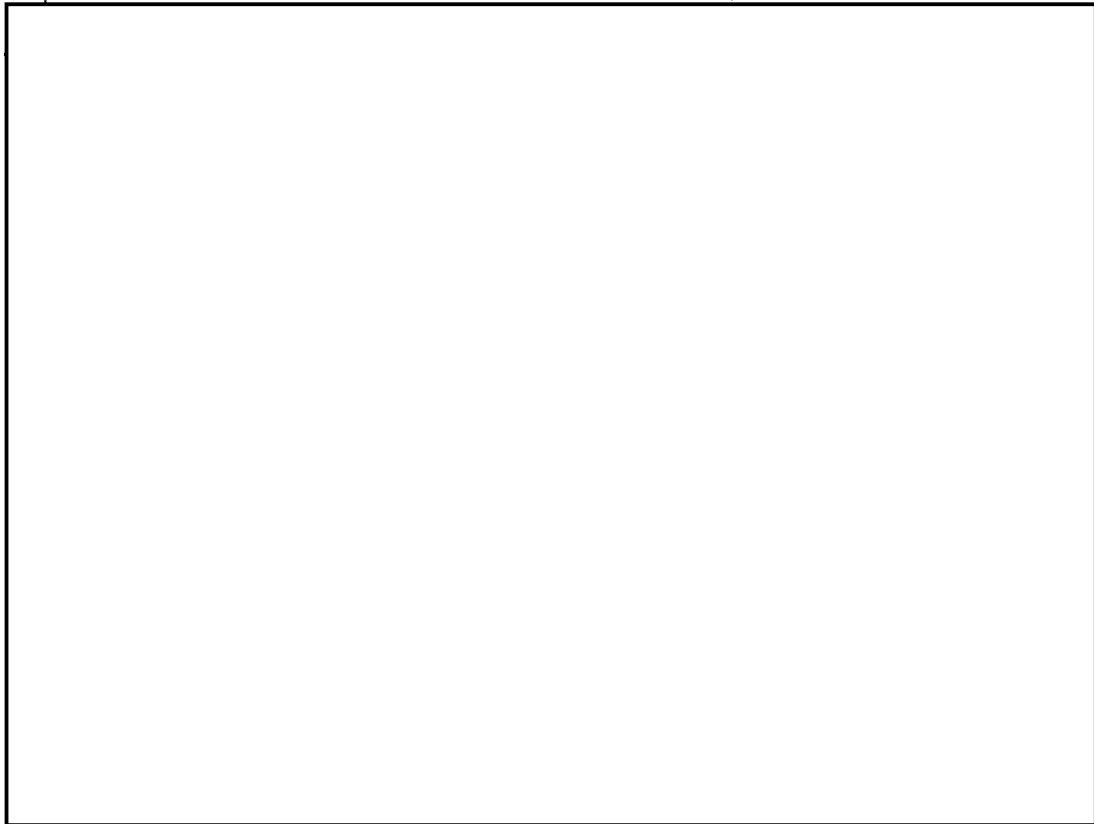

A yellow smoke bomb was ignited during the program, however, the wind was blowing ^{away} from the crowd and no inconvenience was caused to anyone. The speeches lasted until 3 pm, at which time [redacted] announced that there would be a INTERNATIONAL DAYS OF PROTEST Solidarity Party that evening at 9PM, at 1702 E. 4th Street, which is the headquarters for the SOCIALIST WORKERS PARTY. Everyone was invited. The meeting then broke up.

The following license numbers were taken of individuals who participated in the demonstration on the Anti-Viet Nam side.

TREASON TREATY

Beware of the Most Brazen Betrayal of American Independence and Sovereignty ever Proposed

UNBELIEVABLE BUT TRUE

THE PRESIDENT OF THE UNITED STATES HAS APPROVED A PROPOSED TREATY WHICH WOULD COMPLETELY DISARM THE UNITED STATES OF AMERICA, ARMS WOULD BE TRANSFERRED TO THE UNITED NATIONS, AND WE WOULD COME UNDER THE AUTHORITY OF A U.N. MILITARY DICTATORSHIP.

TRAITORS, SCREWBALLS AND SENTIMENTALISTS HAVE PROPOSED SUCH THINGS ON NUMEROUS OCCASIONS, BUT THIS IS THE FIRST TIME THAT SUCH A PROPOSITION HAS BEEN MADE OFFICIAL BY THE GOVERNMENT OF THE UNITED STATES WITH THE APPROVAL OF THE PRESIDENT AND THE STATE DEPARTMENT.

FURTHERMORE, THIS PROPOSITION HAS BEEN PRESENTED AT THE SO-CALLED DISARMAMENT CONFERENCE IN GENEVA AS OFFICIAL AMERICAN POLICY.

ANY DOUBTER WHO MAY BE READING THIS STATEMENT SHOULD BE REMINDED THAT THE WHOLE PLAN IS SUMMARIZED IN DEPARTMENT OF STATE PUBLICATION 7277 — DISARMAMENT SERIES NO. 5.

HERE ARE SOME OF THE THINGS WHICH WOULD HAPPEN IF THIS TREASON TREATY WERE FULFILLED AND CARRIED OUT:

1. American sovereignty would be destroyed.
2. The Declaration of Independence would become an obsolete document.
3. The U.S.A. would be kept under control by a uniformed U.N. police force made up of foreign soldiers.
4. Our young men would be put in U.N. uniforms and sent to foreign countries to police their citizens under the authority of the U.N. military dictatorship.
5. We would have a complete World Government.
6. A manipulated U.N. would become an alien-controlled military dictatorship.
7. The American flag would become a second-rate banner.

Note: Early in 1962 recruitment posters were sent out by the Defense Department carrying a picture of the U.N. flag, but omitting the American flag. Thanks to a vigorous protest made by Congressman Utt of California, the posters were recalled and we were assured that all posters hereafter would carry a picture of the Star Spangled Banner.

8. The World Court would supersede the authority of our Supreme Court.
9. The Congress of the United States would be

reduced to an authority similar to that which is now enjoyed by a State Legislature. However, when State legislative decisions are overruled by Federal acts, Americans are still under the authority of their own fellow citizens. Not so in case of a U.N. military dictatorship.

This abortive proposal is being carried out in the name of Disarmament. Special funds have been promoted to finance this so-called Disarmament Act, which happens to be Public Law 87-297 entitled "The Arms Control and Disarmament Act."

Naturally, many Congressmen voted for this act because they are sincere lovers of peace and were hoping that the crippling costs of armaments could be lifted from the burdened backs of the taxpayers of the world. Many Congressmen scarcely realize that this Act is being carried out in such a way as to virtually sabotage our national defenses and propagandize us into a U.N. military dictatorship.

WARNING! The proposed treaty which has been embraced by our State Department with the approval of our President, plus the so-called Disarmament Act, can no longer be taken lightly. The proposal has been presented at Geneva upon the authority of the

Continued from opposite side

President and at the instigation of our Secretary of State Dean Rusk.

There you have it. This Administration has actually told the world that we are willing to disarm and subject ourselves to United Nations military police authority. Furthermore, this treaty, which was approved by our administrative authorities and presented at Geneva, was presented at the very time when delegates opposed to American policy held the balance of power in the United Nations. Only by a hair's breadth were we able to prevent Communist China from being admitted to the U.N.

Imagine a situation where our destiny and our safety would be committed completely to a legislative body in the control of our foes with the Soviet Union and her satellites in voting authority and with the possibility of Red China a part of this dictatorial apparatus.

In case the reader may have his doubts concerning the accuracy of this statement, his attention is invited to page 9 of the State Department document No. 7277 — Disarmament Series 5.

Here are a few brief paragraphs quoted from this document:

During the third stage of the program, the states of the world, building on the experience and confidence gained in successfully implementing the measures of the first two stages, would take final steps toward the goal of a world in which:

- States would retain only those forces, non-nuclear armaments, and establishments required for the purpose of maintaining internal order; they would also support and provide agreed manpower for a U.N. Peace Force.
- The U.N. Peace Force, equipped with agreed types and quantities of armaments, would be fully functioning.
- The manufacture of armaments would be prohibited except for those of agreed types and quantities to be used by the U.N. Peace Force and those required to maintain internal order. All other armaments would be destroyed or converted to peaceful purposes.
- The peace-keeping capabilities of the United Nations would be sufficiently strong and the obligations of all states under such arrangements sufficiently far-reaching as to assure peace and the just settlement of differences in a disarmed world.

NOTE: The same document which carries the above statement, including a discussion of the first and second stages of development in this scheme to give us a U.N. military dictatorship—in this same document is carried as an appendix the approved U. S. program for general and complete disarmament.

Do not be surprised if on writing to the Government Printing Office you are unable to obtain a copy of this document, because the manipulators in the woodwork of diplomatic chicanery have been hopeful that this super-trick to destroy our sovereignty and make the Star-Spangled Banner a second-rate flag — they were in hopes that this could be put over without the general public being too highly sensitized to its realities. Do not be surprised if the supply of this revealing document is 'exhausted.' The reader will be interested in knowing that the document is done up in blue and white — the color of the U.N. flag.

CONGRESS, AWAKE!

In the judgment of mature-minded patriots this so-called program of disarmament and world dictatorship is treason at its worst. It makes ridiculous everything that Washington, Franklin and Jefferson did to guarantee our independence. It would make a burlesque song out of our national anthem. It would reduce us to a slave state, manipulated by internationalists, safely based in Geneva and other centers of manipulation.

No Congressman can afford to have an understanding of this diplomatic conspiracy come to his people if they are to discover that he either favored it or gave consent to its promotion.

Every Congressman who believes in national sovereignty and the Declaration of Independence and the priority of the Stars and Stripes as well as the importance of national defense should issue a statement immediately, or make a speech on the floor of Congress, or call a press conference and vibrate concerning this tricky, treasonable diplomatic gesture. Nothing has been consummated in the life of our Nation which reflects more on our self-respect than this dastardly thing.

Preoccupied statesmen and unalert citizens will be tempted to say: "It is too ridiculous to be consummated. It can't happen."

Public Law 87-297 if enforced would establish a world dictatorship as outlined in State Department Publication 7277. See quotations above. Under this Public Law the President of the United States can transfer any or all armed forces of the United States to the United Nations to be under the command of the United Nations Security Council whose Secretary at the moment is Eugene D. Kiselev of the Soviet Union. Congress should repeal this Act and public sentiment should be awakened to its deadly potential. It was originally passed in the House as House Bill 9188 and in the Senate as Senate Bill 2180.

Extra copies of this circular may be had free. Address all requests to the Christian Nationalist Crusade, P.O. Box 27895, Los Angeles 27, California.

Kindly enclose small donation to cover the cost of mailing and handling.

The California State Cyclops of the Ku Klux Klan [redacted] called for an emergency meeting of the KKK [redacted] The announced purpose was to create interest in a meeting to be held on 4/29/67 at the Hollywood Women's Club, La Brea and Yucca.

[redacted] meeting was to start a 40-car motorcade with sound trucks and Klansmen dressed in white robes. The plan was to drive through the Valley, North Hollywood, Glendale, and Long Beach to announce the April 29, 1967 meeting.

Later info stated that the American Nazi Party refused the use of their sound truck & the group dwindled to the point that the mtg. was cancelled.

A leaflet dated April 24, 1967 announcing the 4/29/67 mtg. and guest speaker, the Imperial Wizard of the KKK, (from the State of Georgia) is attached to this report.

The 4/29/67 mtg. was organized, planned & conducted by the KKK. It used a Minuteman title called THE PATRIOTIC DEFENSE COMMITTEE. A previous mtg. between the Minutemen and the KKK ended with [redacted] being rejected in his offer to help Minuteman leader, Bob DE PUGH. [redacted] indicated he would help if it meant cramming the help down the Minutemen's throat.

Intelligence info indicates [redacted] wants a "Political Arm" for the KKK Movement and intends "taking over" the Patriotic Party. [redacted] also intends to take over the AMERICAN NAZI PARTY, CITIZEN'S COUNCIL, and the MINUTEMEN for one big united front.

Even after the protest, [redacted] still used the Minuteman title for Bob DE PUGH's Defense Fund, THE PATRIOTIC DEFENSE COMMITTEE. b6 b7C

Robert DE PUGH called the LAPD Intelligence Division on Friday, 4/28/67 & told Lt. [redacted] that the KKK Rally did not have any authority to use the name of the PATRIOTIC DEFENSE COMMITTEE. DE PUGH stated that he needed money and lawyers, but not badly enough to accept it from the KKK. DE PUGH said he did not want anything to do with "that outfit". DE PUGH claimed to have called [redacted] at Stone Mountain, but [redacted] would not b6 b7C b7D
over the phone.

[redacted] stated a week prior to the 4/29/67 mtg., [redacted] rented an auditorium in the GRAND HOTEL, Anaheim, for the same date of 4/29/67 in the name of the PATRIOTIC DEFENSE COMMITTEE. It was later determined that this mtg. was cancelled.

[redacted] reported that [redacted] requested speakers for the 4/29/67 mtg. When the Patriotic Party refused it was apparent that the KKK members were visibly disappointed.

In addition to the physical mtg. of the Patriotic Party and the KKK, [redacted] sent a letter to the Patriotic Party stating:

Persons present were. [redacted]

[redacted] And eight other people mostly just visitors no names were called.

[redacted] started the meeting around eight thirty. And seemed to be in rather high spirits this evening due to the demonstration that [redacted] staged Saturday around one O'clock in front of the old Federal Bldg in down town Los Angeles.

The real reason [redacted] staged this demonstration was that the White Citizens Council was supposed to hold a demonstration Saturday called the Victory Parade in honor of Nixon's No Win Policy in Viet Nam. [redacted] was all set to intercept there demonstration and to try and lead their parade.

But the White Citizens Council canceled their demonstration and this left [redacted] and Picket Signs and the whole stage was set for the demonstration. So [redacted] told them that they would hold a demonstration of their own. So they went down to the old Federal Bldg, And marched down Broadway for a few blocks and then turned and marched back to the old Federal Bldg with no hassels of fights of and kind.

[redacted] told the group of people that [redacted] The reason he said was the Jews had made the company get rid of him he said [redacted] had been with the company almost ten years. So [redacted] is now selling the White Power news paper on Sunset Blvd.

[redacted] said that Mat Koehl has announced a formation of a National Council to advise him in important matters affecting Party Policy. The Names of the Council consists of the following. [redacted]

[redacted] The Council will eventually number eleven people. This Council has been picked to choose a successor to head the Party in the event of the Death of Mat Koehl.

This concluded the meeting for this week.
